HOW TO PURCHASE YOUR REDUCED IN PRICE TICKETS:

- Important: Make sure your (Junge) OpernCard is valid. To be eligible for the discount offered by the (Junge) OpernCard, you must hold a valid card at the time of purchase and on the date of the performance.
- Choose a performance and seats for it.
- Put the ticket/s in your Warenkorb (shopping basket) – prices will be reduced when you're asked to pay for it/them!
- Choose how you want them to be sent (Versandart) and accept the "Allgemeinen Geschäftsbedingungen" (general conditions).
- Click »Weiter«.
- Under »Prüfung und Zahlung« select your valid OpernCard or Junge OpernCard.
- Our system automatically checks the tickets in your shopping basket to see which ones are valid for reductions.

HOW TO EDIT YOUR PURCHASE:

- Put items you want discounts on in your shopping basket before selecting OpernCard or Junge OpernCard.
- Tickets put into the shopping basket after the reduction on tickets has been processed will not automatically be reduced in price.
- If you then change seats or add more performances to your shopping basket after the reductions in price have been made, you must first deduct the amount deducted and select again.
- If you want to buy tickets as presents for others, we recommend you add these to your basket after the deduction process has been made.
- Check your shopping basket, after every change made, to see if the correct deductions have been made.
